

BHAGAT PLASTIC

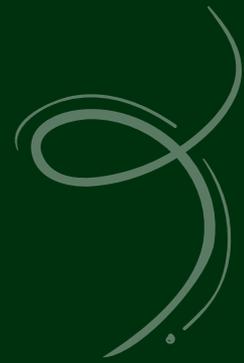

Where Trust Builds Success.

BHAGAT PLASTIC

Where Trust Builds Success.

Bhagat Plastics started with a single injection molding machine and a vision to deliver quality with integrity. Named in honor of our friend Bhagat, whose honesty and spirit continue to inspire us, the company has grown steadily over the years. Through hard work, trust, and strong customer relationships, we have become a reliable name in food-grade container manufacturing. Every product reflects our commitment to quality, care, and the legacy of friendship that started it all.
